

November 11th

8.30-9.15

Registration

9.15-9.30

Welcome

9:30-10.15

Peter Seeberger: *“Automated Glycan Assembly as Basis for Life Science and Material Science Applications”*

10:15-11:00

Oral presentations OL 1-3

11:15-11:45

Coffee break and poster session

11:45-12:30

Anna Bernardi: *“Glycomimetics – by screening and by design”*

12:30-13:15

Oral presentations OL 4-6

13:15-14:30

Lunch and poster session

14.30-16.00

Oral presentations OL 7-12

16:00-16:30

Coffee break and poster session

16:30-17:15

Rita Gerardy Schahn: *“Immune cell development in sialylation defective mice”*

17:30-18:00

Oral presentations OL 13-14

November 12th

9:30-10.15

Jesús Jiménez-Barbero: *“Breaking the limits in understanding glycan recognition by NMR”*

10:15-11:00

Oral presentations OL 15-17

11:15-11:45

Coffee break and poster session

11:45-12:30

Katrine Schjoldager: *“Global view of human protein glycosylation and functions”*

12:30-13:15

Oral presentations OL 18-20

13:15-14:30

Farewell & lunch
